## RED BULL NEW YORK KICKS OFF CAMP PROGRAMS **Online Registrations for Summer Programs Now Being Accepted**

**SECAUCUS, NJ (February 20, 2008)** – The New York Red Bulls are excited to announce its 2008 player development summer camp schedule. With over 80 regional camp locations to choose from, New York Red Bulls soccer camps cater to players ages U-4 – U-18 and are located throughout the New York, New Jersey and Eastern Pennsylvania regions

All programs are operated directly by the New York Red Bulls with Red Bulls youth soccer coaching staff providing a high level of professional coaching at all locations.

“Each camp program has been carefully designed by our player development experts,” said Jeff Agoos, New York Red Bulls Sporting Director. “Boys and girls of all ages and abilities are able to hone their skills as they progress through a set daily schedule that specifically focuses on important technical and tactical learning outcomes.”

A range of camp sessions will be offered including community camps for beginner and development players, team camps for travel players and Elite Camps for advanced level soccer players. Additional programs will include a special one week ‘fantasy’ camp held at Giants Stadium and five residential camps which provide the opportunity for players to experience an intensive level sleep away soccer experience at top level facilities.

All camp programs will offer a unique experience that helps connect youth soccer players to the professional team. Other exclusive privileges and rewards include a Red Bulls t-shirt and ball, a ticket to a Red Bulls game, and the opportunity to play on Giants Stadium field prior to a game as part of an exciting post camp graduation ceremony. Selected camp locations will also have guest visits by professional Red Bulls players.
